

NABÍDKA SEMEN 2024-2025

aktualizace k 31. 10. 2024

Objednávky posílejte na emailovou adresu

chrudimsky.kaktusar@seznam.cz

Minimální počet semen v porci je ve většině případů určen v závorce za jménem druhu symboly (a) až (e), dle níže uvedené vysvětlivky.

Větší balení (50 nebo 100 zrn v porci), pokud je nabízeno, má také samostatné katalogové číslo a cenu.

V porcích do 10 zrn (a,b) je v závorce uveden přesný počet semen.

(c) balení minimálně 10 zrn, (e) balení minimálně 20 zrn, porce s padesáti zrny jsou označeny 50x, se stovkou zrn 100x a pod.

Snažíme se zajišťovat botanicky co nejhodnotnější semena s evidovaným původem, tj. s určením lokality sběru a se studijním číslem sběratele.

Tím získáváte jistotu ve správné určení i kvalitě semen.

Termíny odesílání semen v závislosti na příjmu objednávky:

[Semena odesíláme hromadně, v pěti etapách, protože aktualizujeme počet porcí na skladě podle aktuální poptávky.](#)
